

Classic Colonial[®] 8 with PCS

Classic Colonial[®] 8 with PCS[™] combines the attractive features of a natural stonewall, with the proven performance of the Classic[®] system. Plus, Rockwood's patented PCS (Positive Connection System) provides extra support for the most critical applications without sacrificing style for performance. Designers will appreciate Classic Colonial 8 with PCS for its natural curb appeal, while engineers will respect its proven strength in demanding wall applications.

Classic Colonial® 8 with PCS

The Advantages of the Classic® System...

It's Fast... Located on the underside of each Classic® block, the 4" x 2" Anchor Bar creates an automatic setback with the highest shear resistance in the industry. Plus, Classic's fewer pieces, pinless design, and lower weight per square foot reduces construction time, labor costs, and freight charges.

It's Simple... "One Unit" construction is a vital element of Classic's superior design. 90° corners and half blocks are made simply by removing a portion of the block. No special blocks are required; no special inventories are needed; no shortages occur on the jobsite!

It's Strong... Upon assembly, Classic blocks automatically create 4" x 5" vertical "stone columns". When layered with grid, the gravel filled "stone columns" provide a multi-point interlock, for a more uniform block-to-grid connection. Plus, Rockwood's patented PCS™ (Positive Connection System) secures the geogrid to the block, providing extra strength for the most critical wall applications.

It's Versatile... Variable setbacks, sharp radius turns, "One Unit" construction, and complete interchangeability are all features of Rockwood's Classic System. The ability to mix various sizes and colors within a wall enhances your imagination without sacrificing structural integrity. Plus, the Anchor Bar allows you to build at any setback you desire – from 0° to 14°, providing the only "true" vertical setback in the industry.

Classic Colonial® 8 Blocks

Unit specifications, availability, color, and fascia options vary by manufacturer. Please contact your nearest Rockwood manufacturer or dealer for more information.

Straight Split 18

Size: 8" H x 18" W x 12" D
200mm x 450mm x 300mm
Weight: 80 lbs., 36 kg

Straight Split 6/12

Size: 8" H x 18" W x 12" D
200mm x 450mm x 300mm
Weight: 80 lbs., 36 kg

Rustic 18

Size: 8" H x 18" W x 12" D
200mm x 450mm x 300mm
Weight: 80 lbs., 36 kg

Rustic 6/12

Size: 8" H x 18" W x 12" D
200mm x 450mm x 300mm
Weight: 80 lbs., 36 kg
